

## St. Bride's Primary School & Nursery Class

18<sup>th</sup> May 2020

Good afternoon

### St. Bride's Primary School – Transition Information for New Primary 1 - August 2020 Parents

Due to the ongoing COVID-19 situation, our planned transition programme has had to be cancelled in-line with Government guidance. Whilst this is unfortunate, we will make a range of resources available on our school App, Twitter page and by email that will help prepare your child for this exciting next step in education. We hope that you find the information below helpful.

Kind regards

Take care and stay safe

Louise Torrance

Acting Head Teacher

### School Tour

Each year, one of the most important aspects of a child's transition to Primary School is for them to become familiar with their new surroundings. We recognise that being unfamiliar with and unable to visualise the school building can be unsettling for some.

To help build this familiarity we have created the following video, giving your child a virtual tour of their new school and life at St. Bride's.

Please click the link below to access the school tour video.

### Starting School Booklet

We have updated the Starting School Booklet you received when you registered your child for school in January. It's full of use information.

### [Home Learning Grids](#)

Each week we issue Home Learning Grids to all the children in school and Nursery. The Grids are full of fun activities which children can do on their own or with a little help from an adult. We will include our new Primary 1 children in Home Learning Grids issuing them with the Grid that Pre-School Nursery children receive. These Grids are issued at 8.45am on a Monday morning via the School App.
